DESCRIPTION:

REVISED SPECIFICATIONS

PRINTING:Pressure Sensitive Tickets. The thermal tickets are printed on the face and back. Face: Print line matter and picture of Capitol, in PMS 463 Brown , PMS 188 Red.

Back: Prints in PMS 463 Brown and Black. Black numbering on back, including a printer timing mark that bleeds on the top and bottom edge of the ticket.

Pressure Sensitive Tickets are perforated and delivered in a continuous strip of 1000 tickets. The final thermal ticket must be compatible for use with "TM VistaSoftware Ticketing System" and must be compatible with the TM Vista Ticketing Printer, Model:"Micro-Plus".

CONSTRUCTION: The Thermal label stock is coated on the entire back of each ticket with pressure sensitive adhesive, protected by a white kraft backing sheet. Adhesive must be suitable for use on clothing or garments. Perforate the 2-1/2" continuous strip in two places to create the 6-1/2" individual ticket. Perforate the ticket and backing sheet with one verticle perforation at 2-13/16" from the right perforated edge to create a 2-1/2 " x 2-13/16" removable segment.A kiss cut 1-1/4" from the right runs down the middle of the full 6-1/2" length of the backing material and should not go through the face of the ticket(see sample).

Numbering: Tickets are to be numbered in BLACK consecutive numbers in two places on back only on each ticket.Numbers should be 1/8" down from top trim and approximately 1/2" to the left and 1-1/2" to the right from middle perforation on each ticket (see marked sample). The number on each side of a tickets

middle perforation should be the same number , and each ticket should be numbered consecutively from then on starting with the following:

Number from 005509002 through 06509002.

MATERIAL FURNISHED: GOVERNMENT TO FURNISH: One CD-R created on a Macintosh with System OS 10.5 using Adobe Illustrator Version 4, In Design Version 4 and Adobe Photoshop CS2 Version 4.0. PROOFS:

The sample requirement for this contract is not less than 10,050 printed (unnumbered) construction samples. Each sample shall be printed and constructed as specified and must be of the size, kind, and quality that the contractor will furnish.

Samples will be inspected and tested and must comply with the specifications as to construction, kind, and quality of materials.

Prior to the commencement of production of the contract production quantity, the contractor shall submit samples to:

The 10,050 Prior to Production samples (see below), plus the furnished government material must be submitted directly to: US GPO, Central Receiving, 44 H Street, NW, Washington, DC 20401. Attn: Mary Ullrich/Sheron Minter. Phone: 202-512-0224. Mark for redistribution to addresses below to 3 destinations.

Send 10,000 samples marked "CVC , Capitol Visitor's Center, Room SVC-300" Attn: Jason Hendricks and , 25 printed, prior to production samples unnumbered) labeled for "Karen Moore, Senate Printing, SH-B04 Hart Senate Office Building", and 25 printed, prior to production samples unnumbered required labeled "Mary Ann Ullrich, Congressional Publishing Room C-730".

Must send in sufficient time, using the furnished label, to allow Government testing of the samples and production and shipment in accordance with the shipping schedule.

The container and accompanying documentation shall be marked PREPRODUCTION SAMPLES and shall include the GPO jacket, purchase order, and program numbers. The samples must be submitted in sufficient time to allow Government testing of the samples and production and shipment in accordance with the shipping schedule.

The Government will approve, conditionally approve, or disapprove the samples within 3 workdays of the receipt thereof. Approval or conditional approval shall not relieve the contractor from complying with the specifications and all other terms and conditions of the contract. A conditional approval shall state any further action required by the contractor. A notice of disapproval shall state the reasons there for.

If the samples are disapproved by the Government, the Government, at its option, may require the contractor to submit additional samples for inspection and test, in the time and under the terms and conditions specified in the notice of rejection. Such additional samples shall be furnished, and necessary changes made, at no additional cost to the Government and with no extension in the shipping schedule. The Government will require the time specified above to inspect and test any additional samples required.

In the event the additional samples are disapproved by the Government, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause in which event this contract shall be subject to termination for default, provided however, that the failure of the Government to terminate the contract for default in such event shall not relieve the contractor of the responsibility to deliver the contract quantities in accordance with the shipping schedule.

In the event the Government fails to approve, conditionally approve, or disapprove the samples within the time specified, the Contracting Officer shall automatically extend the shipping schedule in accordance with Contract Clause 12, "Notice of Compliance With Schedules," of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 6-01)).

Manufacture of the final product prior to approval of the sample submitted is at the contractor's risk. Samples will not be returned to the contractor. All costs, including the costs of all samples shall be included in the contract price for the production quantity.

GPO Publication 310.2, GPO Contract Terms, Contract Clause 5. Disputes, is hereby replaced with the June 2008 clause found at www.gpo.gov/printforms/pdf/contractdisputes.pdf. This June 2008 clause also cancels and supersedes any other disputes language currently included in existing contractual actions.
